

This is a comment @ the FCC - public comments regarding the NAB petition that seeks to stop XM from providing XM Instant Traffic & Weather.
Dear FCC, I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere! I pay for these services and it should not be up to the National Association of Broadcasters to dictate what you & I are permitted to hear. I respectfully urge you (the FCC) to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that ALL of Americans demand and deserve.

I live in Atlanta, GA & am still waiting on the Traffic & Weather updates on XM..

Please reject the NAB petition!!!
